Foundations of Faith

Course Instructor: Desirie Victoria Salazar

Course Description

Therefore, leaving the discussion of the elementary principles of Christ, let us go on to perfection, not laying again the foundation of repentance from dead works and of faith toward God, of the doctrine of baptisms, of laying on of hands, of resurrection of the dead, and of eternal judgment. And this we will do if God permits.

Hebrews 6:1-3

Before we can “go on to perfection” in Christ, which is speaking of spiritual maturity, we must first know the “elementary principles of Christ” or have the “foundation” laid. The author of Hebrews is speaking to believers who had already been taught these elementary principles. They should have been ready to move on to other teachings, but they needed to hear these lessons repeated.

Our spiritual growth is stunted when we do not understand these foundational truths. God builds our spiritual understanding precept upon precept, meaning principle upon principle. It is a lot like learning math. We can't understand how to multiply if we don't understand the basic principles of addition. God wants us to have a solid foundation! Any master builder understands that if the foundation is faulty so is everything that is built upon it.

The author of Hebrews lists six foundational truths in these verses: repentance from dead works, faith toward God, baptisms, laying on of hands, resurrection from the dead, and eternal judgment. We will touch on all these topics in this course, some in greater depths than others, in addition to some other foundational subjects.

The recipients of the book of Hebrews had the privilege of being taught these elementary principles of Christ; their spiritual immaturity was their own doing. However, sadly in today's typical church environment, many of these foundational truths are simply not taught to new believers at all. The lack of these basic teachings has resulted in many struggling to grow in their faith. There are certain nonnegotiable truths of the Christian faith that every believer should know, clearly understand, and be able to defend!

I have grown up in church, and have witnessed firsthand, the need for believers to hear these foundational doctrines taught. It breaks my heart that too often believers sit in churches for years at a time and never hear these teachings explained plainly. God has given us His Holy Spirit, to lead and guide us into all truth. While, I am eternally grateful for the lessons God has taught me over the years, I do wish someone had taught me many of these truths early on in my walk with the Lord.

It is my heart's desire and burden to see that everyone who participates in these studies has a solid foundation to build on! I look forward to taking this journey through these lessons with you and pray that you will be greatly encouraged and edified, and that your faith will be strengthened as we study together!

Love and grace,
